Key Questions

What do we need to add to 7 to make 10?

If I have 4, how many more do I need to get to 10?

Top Tips

The secret to success is practising little and often! These facts can be practised anytime and anywhere this can be done on the journey to school, in the bath or waiting for the bus. You do not need to practise them all at once, you may choose a fact of the day/week.

Chants

Practice chanting the number bonds. Everyday Objects- Gather together 10 objects and separate them in s many different ways as possible, write the calculation to match each one.

Ping Pong Game

Shout out a number 1-10 and then ask your child to shout the right number to make 10 as quickly as possible.

Pegs

Put 10 pegs on to a coat hanger, split them in different ways and count how many pegs are on each side. For example 4 pegs + 6 pegs equals 10 pegs (4+6=10).
